

Starion Heater

Our heater combines one of the most advanced burner & tube technology to the latest cutting edge electronic control system.

Main features:

- Variable heat output: 25% 50% 75% 100% & Auto
- Variable Speed FAN: Slow, Medium, High
- Universal voltage range from 160VAC to 240VAC 50/60Hz thanks to the new electronic power supply.
- Built-in BCD (Blackout Compensation Device) with backup battery.
- Built-in Wi-Fi, control and monitor all functions through the app over the cloud.
- High efficiency patented aluminum tubes, up to 25% higher efficiency.

- Pop Up slide type controller.

- Ultra low noise, in low kcal mode.
- Silver, Grey and Brown models available.
